Taking Technology To Society

E-PORTFOLIO CONTEST

Introduction:

In today's technology driven world, there is a website for everything, helping us find information on anything we want. Now imagine a website showcasing your progress, talents, skills and accomplishments. That's exactly what an E-Portfolio does.

An E-Portfolio is a digital collection of your work and achievements- a record that acts as your brand on the internet. While an E-Portfolio can be used for a variety of purposes, here we will look at it in a professional angle.

Objective:

Participants are required to create an e-portfolio i.e. a website which can act as a potential technical resume which includes-

- 1) A small description of themselves
- 2) Their academic career
- 3) Skills and achievements
- 4) Projects undertaken
- 5) Courses completed
- 6) Contact details

Participants can add on anymore subsections to make a PROFESSIONAL, COHERENT website.

***NOTE-** Evaluation will NOT be done on whether the information provided is valid or not. Only relevance of it will be considered.

Key Points:

- 1) The event is NOT a live one. Participants have to create their website beforehand and submit it in the allotted time and day.
- 2) Submissions can be made individually or in a group of maximum two participants.
- 3) The website should be made using only HTML, CSS and JAVASCRIPT. CSS frameworks are allowed but JS frameworks are not allowed.
- 4) They are required to send the link of /upload:
 - the website AND
 - video of the website running on both a computer and a mobile device. (screen recording)

Evaluation:

Participants will be evaluated on the following criteria-

- 1) Syntax and semantics of the code
- 2) Loading time of the site
- 3) Designing aesthetics of the website
- 4) Readability of content
- 5) Relevance of information
- 6) Usability in different browsers and on desktop/mobile interfaces
- 7) Ease of navigation within website

Certification:

- 1) Certificate of participation will be awarded to all the teams and certificate of excellence will be given to the top three teams.
- 2) Disqualified teams will not be considered for any certificate.

Prize money: Rs. 16000/-
